

1- Create 4 API Images only

```
{  
  imagePath:  
  imageBase64:  
  title  
}
```

2- Create API pahramcy.

```
{  
  Name :  
  Address:  
  Phone number :  
  Imgaebase64:  
  Imgpath:  
  ImgExtension :  
}
```

3- Add imgae in notification API

4- Add client in api roles

5- Remove settimeout of users

6- Add field Total all cart

Thanks
